Subject: Contract No. EP-S4-16-04 - Subcontract Consent
Task Order No. 68HE0618F0308 – F.J Doyle Salvage Site

Dear Mr. Wortman:

On November 14, 2018, I received a subcontract consent request package from Environmental Restoration, LLC (ER) for disposal services for TSCA-regulated and Non-regulated, contaminated soil and debris at the F.J Doyle Salvage site.

I have completed my review of the subcontract documentation, and I have determined that consent is appropriate. Therefore, this letter confirms my consent to award a subcontract to Republic Services, Inc.

This consent to subcontract shall in no way result in the following: (1) relieve ER of any obligation or responsibilities under the contract, (2) create any obligation for EPA relative to the subcontractor, (3) create any “privity of contract” between EPA and the subcontractor, (3) constitute a determination as to the acceptability of the subcontract price or the allowability of cost, or (4) constitute approval of the terms and conditions of the subcontract.

If you have any questions, please contact me at (214) 665-6516.

Sincerely,
